

Need Help?

Try the SBS Peer Tutoring Program

The SBS Peer Tutoring Program can help you find a tutor for that difficult biology, chemistry, physics or math course.*

We'll provide a list of possible tutors and you decide which tutor(s) to contact.

You and the tutor decide

- when and where to meet
- how often to meet
- the fee charged, if any

Interested? Complete a ***Request for SBS Peer Tutor*** form available in BSB 013 or download it at
